PREFACE

We take pleasure in presenting Vol. XXIV of the Charlotte, N. C. Directory which will compare favorably with any directory published.

Charlotte is growing and growing fast, and well it may, for it has the natural and commercial advantages for growth surrounded by a good farming section, four railroad lines with over a hundred trains in and out of the city daily. The center of the textile trade for the Carolinas where textile machinery is either manufactured or where branch offices of textile machinery dealers are located. The home of the largest hydro-electric company of the United States which furnishes power to many of the mills of the Carolinas. The headquarters and relay offices for the Carolinas of the three largest telephone and telegraph companies. A large automobile tire manufacturing plant is located here. A branch of the Ford Motor Company, handling all the business for the Carolinas. The Southern Market for dyestuffs and chemicals; a large distributing point for motion picture films and the headquarters of the Carolinas of over 200 large corporations of national reputation. The largest banking center of the Carolinas with deposits of over $35,000,000.

Commission form of government.

An educational center, both public and private schools ranking among the best.

We wish to thank the public for their courteous way of giving information and our patrons for their support.

Population with suburbs 63,325.

December, 1923.

Who Is Your Competitor?

What competition do you fear most? The competition from a store which advertises, or the other kind?

Directory advertising—regular advertising—is a vital part of the sales effort of aggressive, optimistic firms. For business enterprises in which such an advertising policy prevails, the outlook is always rosy.

Numerical Telephone Directory *of* Charlotte, N. C.

Note—This is a Department which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list oftentimes will prove to be a source of great relief.—Publrs.

A HIGH GRADE INSTITUTION FOR THE EDUCATION OF YOUNG WOMEN

Christian Ideals constantly held before the Students; Christian Characters in the chairs of each Department; Christian Atmosphere permeating the Student Body.

Location, the very best: Myers Park, Charlotte. Equipment rapidly reaching standard requirements. Curriculum equal to that of any institution in the State. Expenses very moderate indeed, considering advantages offered and work done.

Our Motto: "Christian Women for Christian Homes." Send us your daughter, support us in our administration and instruction, and we will return a thoroughly developed and fully refined Christian woman.

Johnson C. Smith University

FORMERLY BIDDLE UNIVERSITY

CHARLOTTE, N. C.

Johnson C. Smith University, founded by the Presbyterian Church in the U. S. A., has four departments, namely: Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory Courses are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking, Blacksmithing and Broommaking. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years; the Theological, three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College Course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the junior and middle years. When the previous training of student has been partial and his years are mature a shorter and purely English Course has been provided.

The school year begins the third Wednesday in September, and closes the first Wednesday in June.

For information or catalog, write President H. L. McCrorey.

CHARLOTTE, NORTH CAROLINA

Vol. XXIV THE PIEDMONT SERIES 1923-24

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

☞Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

Who Is Your Competitor?

What competition do you fear most? The competition from a store which advertises, or the other kind?

Directory advertising—regular advertising—is a vital part of the sales effort of aggressive, optimistic firms. For business enterprises in which such an advertising policy prevails, the outlook is always rosy.

THE
House of Directories
P. O. Box 952 Asheville, N. C.

The Association of North American Directory Publishers

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of the Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and protective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
